# WE LOOK FORWARD TO SEEING YOU IN THE BIG APPLE!

From the Desk of  
**Laurie N. Robinson Haden**  
President and CEO, CCWC, and  
Senior Vice President  
CBS Corporation

Start spreading the news! Yes, the Corporate Counsel Women of Color and K&L Gates LLP 14th Annual Career Strategies Conference will take place in the Big Apple from October 10-12, 2018. I am in a New York state of mind right now. New York City is our town and the place where it all began. Fourteen years ago, CCWC started in the kitchen of my Harlem apartment through the development of the Networking Directory. The directory, though created long before there was LinkedIn or Facebook, served as a critical tool to connect women of color attorneys who had been isolated and siloed within their companies. CCWC has grown from a handful of women of color to over 4,000 members around the United States and the globe. The reason for this continued engagement is because diversity and inclusion in the legal profession are important to so many who put in the time, energy, and effort to keep it top-of-mind in our profession.

This year's conference is going to be BIG. Some of this year's power-house speakers will include **Iyana Vanzant** (*Iyana Fix My Life* on the OWN Network), **Kim Coles** (Comedian and Actress, *Six Feet Under* and *Living Single*), Diamond Award Honoree, **Teresa Wynn Roseborough** (General Counsel, The Home Depot), **Brad Smith** (President and CLO, Microsoft), **Karen Roberts** (General Counsel, Walmart, Inc.), **Tim Murphy** (General Counsel and Chief Franchise Officer, Mastercard), and **Christy Haubegger** (Founder, *Latina Magazine*). In addition to our signature Boot Camp and MBA for Lawyers, this year we will introduce a new Corporate Board Boot Camp and Political Candidate Readiness for 2020 Boot Camp. For the first time, we will host a Power and Inspiration Farewell Gospel Breakfast on Saturday, October 13, 2018, featuring gospel Grammy Award-winning recording artist, **Yolanda Adams**.

Last, in furtherance of our mission to advocate for diversity and inclusion in the workplace, it is with honor that I share with you that on Friday, June 15, 2018, Corporate Counsel Men of Color will host its inaugural Men of Color I Life Strategies and Power Networking Conference at the Marriott Marquis Convention Center in Washington, D.C. Prominent speakers will include former Pittsburgh Steeler and Super Bowl MVP, **Hines Ward, Jr.**; **Bruce S. Gordon**, who serves on the corporate boards of CBS Corporation and Northrop Grumman; **Clarence Otis, Jr.**, former CEO of Darden Restaurants and board member of Verizon; and **B. Doyle Mitchell Jr.**, President and CEO of Industrial Bank. This event will bring together men from multiple industries (including law, finance, and STEM) and is guaranteed to inspire, uplift, and empower.

I look forward to seeing you all this year as we continue to lift as we climb!

## FOR LAWYERS

GET YOUR BUSINESS  
ACUMEN ON IN ONE DAY!

### MBA FOR LAWYERS TOPICS:

US GAAP Statements including:

- Balance Sheets
  - Statements of Cash Flow
  - Statements of Shareholder Equity
  - Notes to Financial Statements
- Valuation Theory
- Buy-Sell Disputes
- Mergers & Acquisitions

**MBA FOR LAWYERS** (*Advanced Course Offerings*) You went to law school. You may not have gone to business school. Having the capability to understand business and financial concepts is a real advantage. As corporate counsel, your job often includes advising management on legal issues which impact important business decisions. Doing this effectively may require you to understand key financial concepts, such as information presented in financial statements and valuation methods used in strategic decision making. In collaboration with Deloitte, we will host an advanced financial acumen program. The most effective in-house attorneys understand not only the breadth of legal issues facing their companies, they also recognize the importance of how those issues affect and influence strategic business decisions.

The program will begin with a refresher of the basics of accounting concepts, financial statements, and US GAAP accounting principles as well as valuation principles and theory (i.e., what is valuation, who needs it, and common litigation issues). The program will feature an opportunity for you to apply what you have learned in the context of a fictitious corporation—discussing its financial statements as well as equity analysts' reports and valuation principles relevant to the health care and sports/entertainment industries. The program will also feature an opportunity for you to apply what you have learned using a short case study that will be completed in breakout groups.
