## Laurie Robinson

Assistant General Counsel

AGE: 33

FAVORITE SCRIPTURE: *"I tell you the truth, anyone who has faith in me will do what I have been doing. He will do even greater things than these, because I am going to the Father" (John 14:12).*

Laurie Nicole Robinson graduated in 1998 from Indiana University School of Law at

Bloomington with her Juris Doctorate. She is the Assistant General Counsel in the labor and employment division at CBS Broadcasting Inc., where she represents more than 200 television and radio stations in labor, employment, and immigration matters. In addition, Robinson is Director of CBS Training and Development. Prior to joining CBS, Robinson worked at two New York City law firms, Seyfarth Shaw LLP and Epstein, Becker and Green, P.C., where she represented management in labor and employment matters. Prior to joining the law firms, Robinson worked as a legal intern in the labor management division of the National Football League in New York City. Interestingly, while at the NFL, she wrote and published a legal comment in the "Indiana Law Journal" titled "Professional Athletes – Held to a Higher Standard and Above the Law: A Comment on High-Profile Criminal Defendants and the Need for States to Establish High-Profile Courts." She is the founder and CEO of Corporate Counsel Women of Color, a non-profit organization of more than 1,500 women attorneys of color who work primarily for Fortune 1000 and Forbes 2000 legal departments. CCWC promotes diversity in the legal profession. In 2005, Robinson received accolades for her achievements in promoting diversity, including being recognized by the Coca-Cola Company's legal department and receiving the Women's Venture Fund's Highest Leaf Award, the Charting Your Own Course Spirit Award, and the Black Women Lawyer's (Los Angeles) Power of One Award. Robinson was featured in the annual women's issue of Ebony magazine (March 2006). In 2006, Robinson was named a Power Broker by Inside Counsel in its GC 50 list of the most influential in-house counsel in North America.
